

### A real-life ghost

Jamie looked up just as a large bag of flour toppled forward and fell out. To Jamie the bag of flour took a long time to fall. But before he could move, it hit the edge of the sink and exploded.

Flour went everywhere. It looked like a snowstorm.

Jamie was totally covered in flour.

Sally started giggling.

“I suppose you think that’s funny,”  
Jamie said.

Sally giggled even more. “You look like  
a ghost. You’re the ghost in the  
kitchen. Wooooooooo!”
