

Chapter 3

The Galactic Games

The tractor beam pulls STEALTH down to the surface of the planet.

There is nothing Jack can do to stop it. STEALTH lands with a bump.

The star ship's door slides open and a very nervous Jack steps outside.

A female alien greets him. "Hello Jack," she says. "Welcome to Planet Loki. My name is Akra."

Akra says everyone in the galaxy loves watching Sci-Fi Spy Guy's adventures on TV.

Jack thinks Akra is just another fan.

This is Jack's third mistake.
