

## CHAPTER 4

### Dinner Time

Everyone helped prepare supper.

Everyone had heard me call out to Mr Wilson about the werewolf.

There was a full moon that night and lots of people made fun out of me. But I didn't mind. I knew what I had seen.

Later on, every student sat round a big fire that we had made.

We toasted marshmallows and sung some songs.

I forgot about the coach driver and the creature I had seen. I began to relax.

This trip was going to be good.
