

## Sea squirt

The sea squirt is an amazing animal.

It finds a rock to live on. Then it stays there for the rest of its life. When it is hungry it eats its own brain!

## Sea cucumber

The sea cucumber is an amazing creature. It lives on the sea bed. If it gets hurt it can grow a new part of its body.

## Leafy sea dragon

The leafy sea dragon is a type of seahorse. It has small fins on its back to help it move. Bigger animals don't eat it because they think it is seaweed!
